

<b>Job Description &amp; Person Specification</b>	
<b>Post title: Lecturer in Paramedic Practice and Emergency Care</b>	<b>Post No: 009163</b>
<b>School or Department: School of Social Sciences</b>	<b>Date created: 19/2/2021</b>
<b>Grade: H_HE</b>	<b>Hours per week: 37</b>
<b>Fixed term end date (if applicable): N/A</b>	
<b>Other requirements of the role:</b>	
<b>Immediate line manager: Principal Lecturer</b>	
<b>Title &amp; Grade of posts line managed by postholder: None</b>	

**Job purpose:** To teach paramedic practice and emergency care at undergraduate and postgraduate levels and to contribute to the development, assessment and management of academic courses within the subject area; in addition to undertaking relevant research, scholarship, commercial and consultancy activities.

The role of Lecturer is developmental, with the expectation that post holders will develop their skills and expertise as they progress in the role. NTU has developed a set of Early Career Academic Achievement Milestones which provides a set of agreed expectations over a three-year development period

**Principal duties and responsibilities:** The role will encompass all of the following, but the balance of duties and responsibilities will be determined in discussion with the post holder's line manager:

**A) Subject Area**

Paramedic and Emergency Care theory and practice  
Higher Education Level professional and work based learning and assessment in health care  
Emergency and acute care  
Underpinning bio/and or social sciences

**A) Principal Duties**

Teach and provide supervision at undergraduate and postgraduate levels on programmes within

1. Teach and provide supervision at undergraduate and postgraduate levels on programmes within paramedicine and allied health professions utilising appropriate teaching, learning, support and assessment methods. This to include undertaking marking, assessment and examination work and provision of timely feedback to students.
2. As a member of the course team and/or in a leadership position within the course team, participate and contribute to the management, planning, design, development and review of module and course content. Identifying areas for revision, improvement or innovation in order to meet student and/or industry expectations. Contribute to the accreditation of courses and quality management processes as necessary.
3. May take on a module leadership role and will be expected to act as a tutor and undertake workplace visits for apprenticeships

4. Contribute to the effective and smooth running of the Department, including attending and contributing to group meetings, collaborate with colleagues to identify and respond to students' needs, participate and contribute to decisions on academic content
5. Responsibility for the delivery, leadership and assessment of own modules, including projects and dissertations.
6. Develop a range of approaches to teaching and learning which are innovative for the University and paramedicine which create interest, understanding and enthusiasm amongst students and reflect developing practice elsewhere, e.g. case studies. Gather evidence from staff and students in order to prepare reviews of academic activity. Collaborate with colleagues to identify and respond to students' needs.
7. Engage and contribute to individual or collaborative practice, research and/or scholarly project and activities, both internal and external to the University. Apply the knowledge acquired to inform module design and teaching delivery.
8. Identify sources of funding and contribute to the process of securing income for own or collaborative practice, research and/or scholarship activities as appropriate.
9. Build and develop relationships with national or international professional organisations and emergency care providers. This may involve links with professional bodies such as HCPC e.g. re ongoing accreditation.
10. Liaise with national and/or international partners to ensure comparability of collaborative provision within the department. This may involve links with professional bodies, e.g. ongoing accreditation and healthcare services and organisations.
11. Participate in the University's appraisal process. Ensure that knowledge of the relevant subject area is fully up to date by actively engaging in continuous professional development and scholarly activities appropriate to the post.
12. Responsible for the pastoral care and motivation of students, supporting them in learning difficulties, and on occasion personal difficulties, ensuring that appropriate internal or external specialist support for the latter is sought.
13. Prepare, organise and assist with student cultural visits, exhibitions, field trips and placements as appropriate and to attend all events, including Graduation days and open days, relevant to the courses taught by the post holder.
14. Work effectively with colleagues within the course team, department and School. Attendance at team meetings as required, and working cooperatively with Professional Services and technical team colleagues.
15. Undertake administrative duties appropriate to the post, including admissions, timetabling and adherence to University procedures.
16. Responsible for being aware of the risks in the work environment, and their potential impact on own work and that of others, including being aware of any relevant risk assessments in place and adherence to these and undertaking any relevant health and safety training.

**N.B.** The post-holder may be required to undertake any other duties which may reasonably be required as within the nature of the duties and responsibilities of the post as defined, subject to the proviso that normally any changes of a permanent nature shall be incorporated into the job description in specific terms.
